2009 Business Hall of Fame nominations open

THE Namibian Chamber of Commerce and Industry (NCCI), together with Junior Achievement Namibia, has called for nominations for the Namibian Business Hall of Fame 2009 (NBHF).

Some of the charac-

teristics nominees need to display are business excellence, courageous thinking and action, vision, inspiring leadership and community mindedness.

The nominations close on the March 20 and a

gala dinner on April 30 will induct the nominees as Laureates of the programme.

The Laureates will then be actively involved with Junior Achievement Namibia in their mentoring, entrepreneurship

and financial literacy programmes.

The NCCI hopes that the programme will improve business ethics by setting excellent examples and create a culture of volunteerism in Namibia.
